To the Inhabitants of Southborough in Town Meeting
Legally Assembled, Gentlemen your committee you chose
for the Purpos of Viewing the Meeting-house in Southborough
have attended that servis And now beg leave to report as follows
viz, We find the frame of the house good all but the little Spairs
and them are not thick Enough and very much swag'd

We Also find the house to be Larg Enough for the Accommodation
of the People by making som Alteration in the inside the
Roof Must be Shingled and the house glazed with safe Glaz
And the front and the two Ends Clapboarded

We Also find that by Building a Porch ^{at each End} ~~in the front of the~~
House, ^{with the west one carryed up for a Bell} and moving the Stairs into the Porchs it will give
Room for Eight more Pews on the Lower floor by shutting Up
the two End Doors and taking Up one of the Boddy seats and
one third of the Back Alley

We Also find that by adding another four Seat in the front
of the Gallerys, and by taking those Pews that are there Now
with one Seat Next to the Pews it will give Room for Eighteen
Family Pews, the Number of Pews in all are 25

The Studing in the Gable Ends, and ~~and~~ the little Spairs in the
Roof, the Uniformity of the windows, and the size of the Glaz
All to be left to the Repairing Committees Discretion
